Historical atlas Historical atlas - the entries The historical atlas consists both of the sections with maps of the history in the various country and continent entries as well as the following entries:

Historical atlas - Wikimedia Commons

Here you will find one of the greatest historical atlases: Charles O. Paullin and John K. Wright's Atlas of the Historical Geography of the United States, first published in 1932. This digital edition reproduces all of the atlas's nearly 700 maps. Many of these beautiful maps are enhanced here in ways impossible in print, animated to show change over time or made clickable to view the underlying data—remarkable maps produced eight decades ago with the functionality of the twenty-first century.

Atlas of the Historical Geography of the United States

As part of the Strategic Stone Survey, Historic England has commissioned a set of atlases covering the building stones of the English counties. These are freely available as pdf downloads from this site and can be found by following the links below. For each county atlas, which may include more than one Minerals Planning Authority (MPA), you can download a geological information pdf and Excel spreadsheets containing:
