Very good book explaining both the fundamentals of investing, and the fundamentals of the new online world of investing. As with any in the "Dummies" series, the point of the book is to lay a foundation of general understanding in a certain field of study, and this book accomplishes that goal.

Investing Online for Dummies by Matthew Krantz

For most, investing means putting money in the stock market. This guide is first and foremost about investing in stock markets - it's most people's first experience of investing. And putting your cash into these markets is exactly what it says on the tin: you buy shares in one or more companies with the aim of making a profit. And although there are different ways to do it, such as funds ...
