Make is a different kind of architecture practice. Founded by Ken Shuttleworth in 2004, we're an employee-owned firm pursuing a democratic design process that values everyone's input. With studios in London, Hong Kong and Sydney providing architecture, interior and urban design services from concept to completion.

Make Architects

Making offers a series of profound reflections on what it means to create things, on materials and form, the meaning of design, landscape perception, animate life, personal knowledge and the work of the hand. It draws on examples and experiments ranging from prehistoric stone tool-making to the building of medieval cathedrals, from round mounds to monuments, from flying kites to winding string, from drawing to writing.

How To Make Architecture, Not Art | ArchDaily

Software Architecture Group Decision Making Both practitioners and researchers recognize that software architecture decision-making is a group process that involves several stakeholders discussing, evaluating and shortlisting architectural decisions.

Architectural decision - Wikipedia

We are used to think of making as a 'project', with a rather precise idea in mind of what we like to produce (a plan, a design) and a supply of materials to achieve it. Ingold contrasts this 'hylomorphic' model with a 'morphogenetic' approach that enacts making as a contingent process of growth.
