...

EMD "SW1500" Locomotives. The EMD SW1500 was constructed directly after the SW1200 and was the builder's second model to employ its upgraded model 645 prime mover. As with the SW1000 (which was the first to use the 645 engine), the SW1500 featured a bulkier carbody and was a bit heavier from earlier models although its intended use remained the ...

Sw1500 Locomotive Manuals The rise of the Internet and all technologies related to it have made it a lot easier to share various types of information.

Unfortunately, sometimes the huge amount of information available online is a curse rather than a blessing: many websites just do not seem to bother with proper organization of content they offer.
