Post-Cold War era is the period after the end of the Cold War. Because the Cold War was not an active war but rather a period of geopolitical tensions punctuated by proxy wars, there is disagreement on the official ending of this conflict and subsequent existence of the post-Cold War era. Some scholars claim the Cold War ended when the world's first treaty on nuclear disarmament was

...

As soon as the term "Cold War" was popularized to refer to postwar tensions between the United States and the Soviet Union, interpreting the course and origins of the conflict became a source of heated controversy among historians, political scientists and journalists. In particular, historians have sharply disagreed as to who was responsible for the breakdown of Soviet Union-United States relations after the World War II and whether the conflict between the two
